PROFESSIONAL EXPERIENCE

Web Developer / Backup Lead | Indegene Private Ltd. | Bangalore, Karnataka | | Mar 2021 – Nov 2025

- Delivered 500+ healthcare web pages, landing pages, registration forms, event pages, and change requests for Johnson & Johnson across global markets using Contentstack CMS.
- Maintained a 97% First Time Right metric through accurate first-pass delivery, strong quality checks, and low rework.
- Contributed to the successful Central Europe and Baltic pilot engagement, supporting delivery quality that helped Indegene secure the Content Master work for the region.
- Supported business retention and regional scale-up through timely, high-quality execution in the Benelux market, which accounted for 50% of overall revenue.
- Led delivery coordination as Backup Lead for a 6-8 member team, managing stand-ups, allocation, asset audits, project tracking, and client facing delivery follow-ups.

Junior Web Developer (Contract) | Software Pundits (India) Pvt. Ltd. | Bangalore, Karnataka | Aug 2020 – Feb 2021

- Supported front-end development for enterprise web projects using Angular and React.
- Built and updated web pages, implemented API integrations, and resolved UI issues as part of project delivery.
- Used Git for version control and collaboration across development workflows.
- Supported deployment and hosting activities during delivery handoff.

Front-End Developer Intern | Simplyfi Softech Pvt. Ltd. | Bangalore, Karnataka | Dec 2019 – Apr 2020

- Developed company websites using Angular and React during the internship period.
- Implemented API integrations to improve functionality and streamline data flow in web applications.
- Used Git for source control, code tracking, and team collaboration.
- Supported deployment and hosting activities for web applications.

EDUCATION

Bachelor of Information Science & Engineering | Srinivas Institute of Technology, Mangalore, Karnataka | Jul 2015 – Jul 2019
